PYRA is an association of friendly, enthusiastic sailors based in Poole, who come together to race offshore and socialise throughout the summer season.

A range of different boats with varying experience make for an exciting mix of events - day races, weekend races to the Solent, West Country and Cross Channel, with social evenings after the races with hospitality and prizes.

Anyone interested in racing, improving their skills and making new friends will be made very welcome. An Introduction to PYRA starts at 20.00. All the information you need, and the chance to ask any questions, will be provided.
